Reporting Requirements

Nebraska Revised Statute [§ 77-2910\(2\)](#) provides:

The Nebraska State Historical Society and the department shall annually issue a joint report electronically to the Revenue Committee of the Legislature no later than December 31 of each year. The report shall include, but not be limited to,

- (a) the total number of applications submitted under the Nebraska Job Creation and Mainstreet Revitalization Act,
- (b) the number of applications approved or conditionally approved,
- (c) the number of applications outstanding, if any,
- (d) the number of applications denied and the basis for denial,
- (e) the total amount of eligible expenditures approved,
- (f) the total amount of credits issued, claimed, and still available for use,
- (g) the total amount of fees collected,
- (h) the name and address location of each historically significant real property identified in each application, whether approved or denied,
- (i) the total amount of credits transferred, sold, and assigned and a certification of the ownership of the credits,
- (j) the total amount of credits claimed against each tax type by category, and
- (k) the total amount of credits recaptured, if any.

No information shall be provided in the report that is protected by state or federal confidentiality laws.

Summary Description

The Nebraska Job Creation and Mainstreet Revitalization Act (Act) ([Neb. Rev. Stat. §§ 77-2901 to 77-2912](#)) is jointly administered by the Nebraska State Historical Society (NSHS), branded as History Nebraska, and the Nebraska Department of Revenue (DOR).

Nebraska Historic Tax Credits (NHTCs) were initiated in 2015 and authorization for new credits ended as of December 31, 2022. In 2023, [LB 727](#) (operative September 2, 2023), reinstated authorization for new credits. This report covers activity through June 30, 2023.

Nebraska Job Creation and Mainstreet Revitalization Act		
Credits Allocated, by Year		
Year	Credits Available	Credits Allocated
2015	\$ 15,000,000	\$ 14,960,178
2016	15,000,000	10,853,773
2017	15,000,000	7,631,703
2018	15,000,000	3,557,599
2019	15,000,000	6,300,000
2020	15,000,000	6,268,605
2021	15,000,000	1,241,000
2022	15,000,000	14,408,500
Total	\$ 120,000,000	\$ 65,221,358

No new applications were authorized in 2023 until after June 30.
Credits allocated include applications that may have been later withdrawn and the credits re-allocated.

Prior to September 2, 2023, NHTCs were equal to 20% of eligible expenditures incurred for improvements to qualifying historically significant real property, limited to a \$1 million tax credit per project. NHTCs may be used against income tax, the premium tax imposed on insurance companies, or the franchise tax imposed on financial institutions.

The NHTC online application consists of a 5-part process. NSHS reviews Parts 1-3 and DOR reviews Parts 4 and 5. Part 1: Historic Structure Certification certifies the historic significance of the property. Part 2: Qualified Rehabilitation Certification approves the proposed rehabilitation and allocates the NHTC. Within 12 months after completing the rehabilitation and placing the property in service, the applicant then submits the Part 3:

Completed Rehabilitation Certification. If History Nebraska certifies the completed rehabilitation project, the applicant submits its eligible expenditures to DOR for review and approval, Part 4: Request for Certification of Credits. DOR then notifies the applicant of the approved eligible expenditures, the certified credit amount, and the amount of the required fee to be paid to DOR before any tax credit certificates are issued. NHTC Certificates may be used to offset a tax liability as noted above, or the credits may be transferred, sold, assigned, or distributed to others by submitting the Part 5: Request for Transfer, Sale, Assignment, or Distribution of Credits. When an applicant or recipient of NHTCs claims credits on a tax return, DOR, or the Nebraska Department of Insurance if the credit is claimed on a premium tax return, will verify the ownership of the credits. Then DOR will approve or deny the claimed credits in the web application.

The figures in this report represent activity from the beginning of the program through June 30, 2023. The end date was selected to allow necessary time for data collection and review. This joint report is divided into two sections to reflect the information collected and reported by each agency.

NSHS reviews three types of applications. The Part 1 application addresses whether the subject property is a historically significant real property for the purpose of the Act. Applicants with an approved Part 1 application must submit a Part 2 application prior to commencing work. NSHS has 21 days after receiving a Part 2 application to determine if the information is complete. Once the Part 2 application is deemed complete, NSHS has 30 days to make a final determination of whether the proposed rehabilitation will meet the Secretary of the Interior's Standards and will qualify for an allocation of credits. Within 12 months after placing the building in service, a Part 3 application must be submitted. NSHS will determine if all

completed work on the subject property conforms to standards. When NSHS determines certain aspects of the proposed rehabilitation must be modified or deleted before the approval of final work, the application is conditionally approved.

The number of applications denied includes applications that were determined incomplete, applications where the property was not historically significant real property, or applications where the applicant was unable to provide some requested information. If an application is incomplete, no further action may be taken on the application by the applicant, NSHS, or DOR.

If any part of the application does not have the proper materials or sufficient information to allow for a thorough review, the project is considered outstanding until the applicant provides requested materials or information. Once the materials and information are provided, the application process can continue. The “Applications Outstanding” includes applications submitted without a final decision or applications under review.

Applications may be withdrawn by the applicant at any time in the process.

Total Fees Collected	\$ 442,324	\$ 63,283	\$ 147,624

¹Figures only include activity through June 30, 2023

The total amount of fees collected under the Act includes all Part 2, Part 3, and Part 4 fees paid in full to either NSHS or DOR. The Part 2 and Part 3 application fees established and collected by NSHS for 2015 and 2016 were 0.4% and 0.1%, and increased to 0.8% and 0.2%, respectively for later applications. These fees are collected on the basis of the total credits requested. Applications are considered incomplete until the appropriate fee is collected. [Neb. Rev. Stat. § 77-2907](#) requires NSHS to set fees in amounts sufficient to offset the costs of processing and monitoring the applications filed under the Nebraska Job Creation and Mainstreet Revitalization Act. Collected fees will be remitted by the officer to the State Treasurer for credit to the Nebraska Job Creation and Mainstreet Revitalization Fund. DOR is required to collect Part 4 fees, including 0.25% to be credited to the Civic and Community Center Financing Fund. As of November 14, 2020, an additional 0.6% is required to be collected and transferred to the DOR Enforcement Fund, for a total of 0.85% of credits approved.

Each Part 1 application is listed or shown in the table below. Multiple applications may have been received for the same location or address.

Corporation Income Tax	\$ 8,537,428

Total	\$ 24,594,647

DOR reviews the expenditures that are submitted on a Part 4: Request for Certification of Credits and calculates the NHTCs issued based on approved eligible expenditures. DOR then issues two types of NHTC certificates, Type A (may be used, transferred, sold, assigned, or distributed) and Type B (may only be used or distributed). Applicants other than political subdivisions and entities exempt from income tax under IRC 501(c)(3) receive both Type A and Type B certificates divided equally (50%). Political subdivisions and entities exempt from income tax under IRC 501(c)(3) are issued only Type A certificates.

Type A NHTCs may be transferred, sold, or assigned. Both Type A and Type B NHTCs may be used by the applicant or distributed through the ownership structure of a pass-

through entity. The credits must be distributed in the same manner as income, or as provided in the bylaws or other executed agreement.

Nebraska Job Creation and Mainstreet Revitalization Act	
Type A Tax Credits Transferred, Sold, or Assigned, through June 30, 2023	
Tax credits transferred, sold, or assigned (Type A)	\$ 16,065,223

The dollar amount of tax credits transferred, sold, assigned, or distributed reflects the value of the credit only, not the number of times the same credits may have been transferred, sold, assigned, or distributed. NHTC certificates are initially issued to the applicant. A Part 5: Request for Transfer, Sale, Assignment, or Distribution of Credits must be submitted to DOR through the online web application within 15 days after the transfer or distribution of NHTCs. Once the recipient of transferred credits confirms the transfer request and DOR reviews and confirms the distribution, new NHTC certificates are issued to the recipient credit owners, and the transferred or distributed amount is deducted from the transferor’s credit balance.

Credit owners may use both types of NHTCs to offset corporation or individual income tax, the franchise tax imposed on financial institutions, or the premium tax imposed on insurance companies. NHTCs are not refundable, and usage is limited to the amount of the taxpayer’s tax liability. In the table above, NHTCs claimed include only the amount of credit usage approved by DOR as of June 30, 2023.

Zaversnik, Brian	128,278
Total tax credits outstanding	\$ 8,558,875

In the table above, tax credits owned include credits owned as of June 30, 2023. Credit holders may have used, transferred, sold, assigned, or distributed NHTCs since that date, and may not be the entity or individual that ultimately uses the NHTCs. To maintain confidentiality, DOR will not report if an owner used the NHTCs against a tax liability.
