## Instructions

**Who Must File.** The project developer must file this application and receive approval to obtain a sales tax exemption on purchases of qualified materials for use in the manufacture, installation, construction, repair, or replacement of qualified community-based energy development (C-BED) projects.

When and Where to File. This application along with the Ownership Structure, Page 2 may be submitted when all required documentation is available and can accompany the completed application. Required documentation includes, but is not limited to the power purchase agreement, project financial Pro Forma, resolution or zoning approval, Nebraska Power Review Board letter of approval, and descriptions of payments made to the local community for lease or easements and items described in Category A, B, or C of the instructions. **Do not submit your application until all required documentation is included.** 

The completed application must be filed with the Nebraska Department of Revenue, PO Box 94818, Lincoln, NE 68509-4818.

**Payments to the Local Community.** Payments to the local community include payments made to local residents, property owners, or governments for:

**Category A.** Engineering, procurement, construction, geotechnical, environmental, meteorological, or legal services provided by a company organized in Nebraska that has employed at least five Nebraska residents for at least 18 months prior to the date of application;

Category B. Concrete, steel, gravel, and other components, equipment, materials, or services that are necessary to permit or construct the C-BED project. These items may include a wind charger, wind turbines, towers, blades, wire, solar panels, solar collectors, solar tiles, photovoltaic cells, batteries, static inverters, charge controllers, fuel storage structures, handlers, collectors, purifiers, burners, boilers, electrical generators, stack and emission control equipment, substations, and power lines connecting the devices together or connecting the project to the electrical grid system. To qualify as payments to the local community, these items must be provided by a business organized or incorporated in Nebraska that has employed at least five Nebraska residents for at least 18 months prior to the date of application; or

Category C. Parts, materials, or components that are manufactured in Nebraska that are not included in either Category A or B.

**Sales and Use Tax Certificate of Exemption.** Upon approval of this C-BED application, the Nebraska Department of Revenue (DOR) will issue a sales and use tax certificate of exemption to the project developer. The certificate of exemption can be used by the project developer and all contractors to purchase qualified materials for use in the project exempt from sales tax.

**Changes in Ownership Structure.** If there is any change in the ownership structure after DOR's approval of this application, including a change of an equity partner, a new application must be submitted to DOR. If the new application is not approved, all purchases of materials subsequent to the change in ownership structure are taxable.

**Email**. By entering an email address, the taxpayer acknowledges that DOR may contact the taxpayer by email. The taxpayer accepts any risk to confidentiality associated with this method of communication. DOR will send all confidential information by secure email or the State of Nebraska's file share system. If you do not wish to be contacted by email, write "Opt Out" on the line labeled "email address."
